

Application & Checklist

Final Subdivision Plats

This checklist is intended to provide the information and data needed to constitute a complete application. A request for a Subdivision Plat requires a review by staff and approval by the Planning Director and/or Planning & Zoning Commission and City Council in accordance with City of Liberty Hill UDC Section 2.00 Review Authority and Procedures.

Note: The Subdivision Plat will not be considered “filed” unless all application requirements are met.

Digital Submission Requirements

New applications are only accepted on Intake Days as shown on Planning website. [Planning Calendar](#)

Application Fee

Application Fee will be assessed on the application submittal deadline. Fees must be paid by no later than noon (12 PM) on the Friday following the application submittal deadline. Failure to pay by the payment deadline will cause the application to be deemed incomplete and this not filed. The application fee schedule is available at: [Fee Schedule](#).

Submittal Documents

The following is grouped into the electronic documents that will be required for submittal. The list below each document heading shows the individual items that are to be combined to form the PDF document. Please review the detailed information section of this form for help in preparing each of these items. Please flatten all PDF before submittal.

Application Information

- [Master Application](#)
- Letter of incorporation or letter authorizing individual to sign for LLC, Corporation or Legal Entity.
- Letter of Intent for Utilities from the developer explaining how the tract will be served by water, wastewater and electric, including commitments for oversize line construction and/or off-site requirements (UDC Sections [5.04](#).
 - o If the water service provider for the property is NOT the City of Liberty Hill (e.g. Georgetown Water) then please include Letter of Availability.
 - o Please Note: If any lot in the proposed subdivision is to be served by an on-site sewage facility (OSSF) an application must be made to the [Williamson County OSSF Office](#). Certification by the OSSF office that the proposed lot configuration can meet the

requirements for an OSSF is required before a plat can be approved.

- o Please note: No public infrastructure such as water lines, wastewater lines, lift stations, etc. will be accepted until interest has been conveyed to the City. See [Fiscal Surety Forms](#). (Not a requirement for application completeness) UDC Section 5.13.705.
- [Letter of Intent for Parkland](#) from the developer explaining how the Parkland Dedication requirements will be met ([5.11](#)).
- If any of the items listed below do not apply to this submittal (i.e. Tree Preservation Plan as no trees exist on the subject property), letter explaining why each document or information omitted was not included in this submittal packet.

Plan Review

- Construction Plan case number or Performance Bond (only applicable to Final Plat)
- Subdivision Plat (see Detailed Information section below)
 - Note: Plan Sets must be turned in as a single PDF file. Plan sets which are locked, and to which comments cannot be added, will be deemed incomplete and not reviewed.

Tree Preservation Plan

- Tree Survey (or Tree Inventory when applicable per UDC 6.07).
- Tree Schedule (see [Tree Schedule Template](#))
- Critical Root Zone Protection Plan

Tree Schedule List (Excel file)

- Excel Spreadsheet of the Tree Schedule

Drainage Study

- PDF file
- HEC/RES file (zip file)

Utility Service Plan

- Preliminary Utility Plan (only applicable to applications for a Preliminary Plat, or Preliminary Plat Amendment).
- Written statement that the schematic plans and preliminary drainage calculations were submitted with the Preliminary Plat and no changes have occurred; OR, if changes have occurred, provide new or updated schematics and specifications (only applicable to Final Plat or Replat)

Existing Improvements Exhibit (As-built drawings if available)

- Proposed lot layout with any existing structures or improvements to remain, shown with distances to adjacent proposed lot lines indicated
- List all easement, licenses, joint use agreements, and other encumbrances affecting the property to be platted

- Any existing encroachment agreements or licenses to encroach, authorizing the proposed City infrastructure to exist within an existing third-party easement or right-of-way, must be assigned to the City in a form acceptable to the City Attorney prior to the City's acceptance of the infrastructure.
- Provide the correct recording information for each item
- Provide a title report for the property to be platted showing all easements, encumbrances, liens, and other matters of title currently affecting the property.
 - Effective Date of the report may be no more than 90 days prior to the day the application is filed. For Resubmittals, Applicant may use the same report but include a statement that there are no new matters of record since the Effective Date of the report.
- Provide the following information on a completed Easement-Encumbrance Schedule:
 - Document recording number or Volume and Page
 - Type of document (easement, license, joint use agreement, etc.)
 - General location of all crossings or conflicts with any public utility easement, public right of way, City of Liberty Hill easement, or other area dedication or conveyed to the Public or the City of Liberty Hill
 - Notes or other general information applicant wishes to share with the reviewer
 - The Schedule must include the following statement: "I attest under penalty of perjury that this Easement- Encumbrance Schedule is, to the best of my knowledge, a complete and accurate list of all matters affecting the property." The applicant must sign after the statement.

Street Projection Exhibit

- Proposed street stubs to adjacent properties demonstrating how the stub street will eventually extend through the adjacent property and connect with a collector or arterial street. Right of way dimensions and speed of street shall be included.
- Exhibit shall show aerials, topography, hydrological features, significant trees, zoning, future land use, and existing habitable structures on the adjacent property(ies)
